

## Parents,

We will be watching films, documentaries, and cartoon shorts on Disney+. I will be vetting them for appropriate language and do my best to keep it within G and PG ratings, however, some of them may be rated PG-13. We will also view a few older films and documentaries that may contain offensive content. Disney has issued this explanation on its films. *"This program includes negative depictions and/or mistreatment of people or cultures," the message reads. "These stereotypes were wrong then and are wrong now. Rather than remove this content, we want to acknowledge its harmful impact, learn from it and spark conversation to create a more inclusive future together."*

Please be aware of this possibility as I do my best to find the most representative examples of Disney innovation for this class without compromising decency or history.

**Please sign the permission slip below for your student in this class.**
